TRAINING & EDUCATION CLOSE TO HOME

Stay in the community you know and love to learn the skills you need for an in-demand job in your area.

A CERTIFICATE OR DEGREE IN TWO YEARS OR LESS

Earn a credential to launch or advance your career in half the time it takes to earn a four-year degree, putting you in the workforce or a better position in your current job more quickly.

SKILLS FOR A GOOD-PAYING JOB

Nationally, middle-skill workers - those with more than a high school education but less than a bachelor's degree - have 16 million good jobs, or 24 percent of all good jobs. Good jobs pay at least \$35,000 for workers aged 25-44.¹

DIVERSE PROGRAM OPTIONS

Community colleges offer a range of career education program options across 16 career clusters, ranging from agricultural careers to computer networking careers.
